\* The indicated decrease of the population of the City of St. John is attributable to the great fire which occurred in the year 1877, when half of the city was laid in ashes. Great numbers were thereby driven into the surrounding districts, and many whose business and social ties were thus severed, did not return to the city.

\* La diminution de la population de la ville de Saint Jean est due au grand incendie qui eut lieu en 1877 et qui réduisit en cendres la moitié de la ville. Cet incendie obligea un grand nombre de personnes à se rendre dans les districts environnants, et plusieurs de ces personnes dont les affaires furent détruites par cet événement, ne sont point retournées à Saint Jean.
